<b>Introduction</b>	Proposals Organizational issues and what kind of event is to be organized, as well as the desired objective.	Col. Dr. R. Mattei Col. Dr. Mattei
	Provisional title of the event and review of the topics to be covered in the event , as well as the possible target audience	Col. Dr. Kostadinov
<b>Discussions</b>	The level of ambition – regional for the	Capt. (N)Dr. Bonnema

Naples area, southern Italy or all over the Italy. What is expected to be presented by the national briefers? Should this be military medical event, or it is possible to be part of already existent academic or other civilian Italian forum? Which part of disaster management will be discussed – the first phase (pre-hospital) or the entire process?

What should be the format and the main focus of the event – practical or academic one? Proposal for establishing of medical network – for medical information exchange. Highlighting the significance of the military medical input into disaster relief operation from national and international perspective. Requirement for civilian part to take the lead – as it is in the incident management. Do the Italian disaster managers are interested in the topic?

Capt. (N) Dr. Chapman

What outcomes are expected in the proposed courses of action and how the different entities could be involved?

Col. Dr. Frerichs

There is interest from Italian Trauma system. Proposal the event to be led by NATO and to start with small drill in Italian Role 2 facility and then to academics, or to start with academic discussions, followed by military capabilities demonstration. Fully support the idea and will involve the representatives from Civil Protection and Ministry of Health in the next meeting.

Pr. Dr. Giuseppe Noschese

Proposal to have a three day scientific meeting with 8 presentations a day the first two days and four in the last one, followed by military medical capabilities life presentation. The topics should be management in the damaged area, pre-hospital organization and planning and training. Guest briefers from Ministry of health, Civil Protection and political authorities are to be invited.

Capt. (N) Dr. Sabato
