	Summary of the decisions	Dr. Marianna Della Ragione Col. Dr. R. Kostadinov
	Next coordinating meeting	Col. Dr. R. Mattei
Introduction	Welcome from the host and brief description of the CENTRO DI BIOTECNOLOGIE, A.O.R.N. A. CARDARELLI, Naples	Pr. Dr. Giuseppe Noschese
	Greetings and description of the Italian Military Medical Service level of ambition.	BG Medico Dr. Nicola Sebastiani
	Organizational issues and brief description of the activities performed between the meetings.	Col Dr. R. Mattei
	Clarification of the international role in the event.	Capt. (N)Dr. C. Bonnema, Col. Dr. R.Kostadinov
Discussions	The Italian Military Medical Service leadership of the coming event was stated.	BG Medico Dr. Nicola Sebastiani, Col Dr. R. Mattei
	Different approach to the event was proposed. In order to fulfill the main objective – to describe the fields and ways of Civil Military Cooperation and Coordination in case of natural and manmade disasters, a three-day conference with academics for two and a half days and a half day of field presentations was presented. In this reason was proposed academics to cover the following topics,: Civil Medical	Col. Dr. R.Kostadinov

national experience in case of local and worldwide disasters; Military Medical Services implementation in the Civilian Disaster Medical Management and Support; Development and improvement of Civil Military Cooperation and Coordination.

After discussions the main topics of the conference were summarized:

- Civil Protection's experience
- Military's Experience
- Triage
- Survival Techniques
- The Chain of Command
- Medevac System
- Civilian-Military Medical cooperation in Natural and man-made Disasters

The expected outcome were noted:

- Creation of a Multinational Medical Civil-Military Scientific Board;
- Board's tasks and authorities to be correctly indicated, so to establish possibly new intervention rules;
- Disaster Medical Management and Support Training and Educational program development for healthcare providers and its implication in the existing ones.

Pr. Dr. Giuseppe Noschese,
BG Medico Dr. Nicola Sebastiani ,
Capt. (N)Dr. C. Bonnema

Pr. Dr. Giuseppe Noschese,
BG Medico Dr. Nicola Sebastiani ,
Capt. (N)Dr. C. Bonnema, Col Dr. R. Mattei

After defining the main objectives and topics the participants discussed the target audience and expected attendees of the event. It was clearly stated that the representatives of Italian Civil Protection are to be invited for the final coordinating meeting, as well as representatives of Italian Ministry of Health, related to the Disaster Medical Management and Support. The scientific and practical approach of the conference will be beneficial for military and civilian medical aid providers.

Pr. Dr. Giuseppe Noschese, Col Dr. R. Mattei

The link, impact and influence to the parallel courses, i.g. I BLSE-ATLS CLS (Col.Fabi), ATOM and the International Projects (Dr. Cozzolino) were noted.

Pr. Dr. Giuseppe Noschese

Summary of the decisions

All the participants agreed on the importance and the plausibility of organizing such a scientific forum.

Col. Dr. R. Mattei, Col. Dr. R.Kostadinov ,
Dr. Marianna Della Ragione

The period of event was set to June-July 2012.

The first two days academics on national and international Civilian Disaster Medical Management and Support experience and Military Medical contribution will end with field demonstration of the capabilities and capacities of Italian Armed Forces field installation to plan and execute medical support in case of disaster.

Next third, final coordinating meeting will be hosted by Capt. (N)Dr. C. Bonnema in US Naval Hospital, US Naval Support Site, Gricignano d'Aversa on 17.01.2012; 11:00.

Col. Dr. Mattei and Pr. Dr. Giuseppe Noschese to send invitations to the representatives of Italian Civil Protection and representatives of Italian Ministry of Health, related to the Disaster Medical Management and Support.
